Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Howard University Record, Vol. 8: Commercial College Studies of Negroes in Business From time to time there has been published something in a general way concerning banking establishments among Negroes. Until 1907, when Atlanta University published its report based upon the study of the economic conditions, so far as the writer is able to find, nothing definite upon the subject has been recorded. The object of this study is to make a search for truth relative to banking institutions operated by Negroes in the United States in 1914. The data presented in the tables were obtained from the various banks by Schedule B on the following page. An attempt is made to point out what the figures collected are thought to mean with a hope that some social service may be rendered.
