Faith believed she had found the man of her dreams. Aiden is handsome, educated and from one of the best families around. They are engaged and happily planning the wedding of their dreams. And yet, Faith feels like something isn't quite right, but she can't put her finger on it until she attends one of Aiden's company events and finds out that his former fiancée now works for the firm. Aiden claims that there is nothing to worry about, but Faith's intuition is telling her something different. As complicated as her life has already become, it takes a dramatic turn when she receives a call from an attorney in Italy who informs her that, unbeknownst to her, she has a Grandmother who has just gifted her a multi-million dollar estate and she must travel to Siena to discover family members she didn't know she had and countless secrets that have been kept from her. As Faith drives through the curvy hillsides of Tuscany, she begins to question everything she ever knew about this life - and the man that she loves.
