Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Are you struggling to read faster? Are you always trying to figure out how to read more - but the books just keep stacking up? Doesn't it always seem like the most intelligent person or friend you know is always reading a new book? Speed Reading is probably the most valuable skill that a person can learn. Reading expands our influence and impact on our friends and family and most certainly improves our careers. ---Special Bonus At The End Of The Book--- I get it. You want to accomplish more, get more things done quickly, and just get ahead of schedule since it's a competitive world we live in. So what can you do? What options do you have? Did you know it has been proven that the wealthiest people in the world consistently read the most books compared to others? The truth is that we can take anything we want in life to the next level by reading and understanding more about it. Most people just read too slowly. It's not necessarily a bad thing, but if you want to get more done quickly and not waste time getting there then you need to be speed reading. So how should you spend your valuable time? 1) Read summaries of books on the internet? 2) Keep reading but not with a clear direction or pace? 3) Go to the library and join a book club to get more information? None of these options will get you to where you need to be, although they are nice alternatives. The most powerful option is learning the craft of speed reading. In this hands on, step by step...
