Only he and his employers know what the lost ship carries in its cargo hold and the devastating consequences if it falls into the wrong hands. On arrival to the Noven system, the destination of the Voyager, Mach and his crew have three planets to explore and no clues as to where the ship and its artifact might be. Their first stop reveals a terrifying new enemy has joined the search, raising the stakes considerably. If the new threat finds the cargo, it will place the entire galaxy in a perilous position from which it won't recover. Mach and his crew must overcome impossible odds and defeat the new enemy if they're to reach the Voyager and save the lives of trillions. All Carson Mach stories are standalone adventures and can be listened to in any order.
