THE IMMORTALITY OPTION

Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. In this spectacular sequel to the acclaimed Code of the Lifemaker, James Hogan returns to the strange world of Titan, inhabited by bizarre self-conscious robots. Little is known about the civilization that gave birth to these machine intelligences until scientists discover blocks of embedded computer code that appear to be strangely out of place. Reactivating the computer codes results in the re-awakening of ancient alien beings, creators of the strange robot culture, totally alien and immensely powerful. And they are unhappy at being restrained within the narrow confines of the machines they find themselves in. They would much rather be the masters of all. But while the scientists are helpless against these mighty beings, Karl Zambendorf, the media-star psychic and his support team prepare to meet the challenge. The alien intelligences might be intellectually superior and super rational, but this also makes them hyper-materialistic and mechanistic in their outlook and hence, totally unprepared for such higher concepts as the spiritual, the mystical, and the transcendental. And selling such notions is precisely Zambendorf's stock in trade.
