PAUL, APOSTLE OF WEAKNESS: ASTHENEIA AND ITS COGNATES IN THE PAULINE LITERATURE (PAPERBACK)

[DOWNLOAD](#)

Wipf Stock Publishers, United States, 2012. Paperback. Condition: New. Revised. Language: English . Brand New Book ***** Print on Demand *****.Synopsis: In this practical book every occurrence of astheneia and its cognates in the Pauline Epistles is examined, both in its immediate context and in its relation to Pauline thought as a whole. The analysis begins, first, by examining both secular and Septuagintal Greek usages of astheneia as well as its usage in the non-Pauline New Testament writings. It then proceeds, secondly, by defining Paul's astheneia termini from letter to letter and context to context. All the passages in the Pauline literature where the words appear undergo a detailed exegetical examination. The Pauline weakness motif is then summarized, with the conclusion that the concept of weakness is foundational to Paul's anthropology, Christology, and ethics. Endorsements: David Alan Black has done excellent work in analyzing the Greek word astheneia and its cognates in the context of the Pauline Epistles. I also appreciate his effort to relate the word study to different aspects of Paul's theology. I am delighted to recommend it. --Victor (Sung Yul) Rhee, Associate Professor of New Testament Language and Literature, Talbot School of Theology The theme of weakness in the Pauline Epistles is very important to Paul's theological perspective. David Alan Black provides a treatment of the subject that is academically excellent and yet accessible to the ordinary reader. . . . Seldom does one find in the same book this level of academic excellence combined with such great practical relevance. --Donald A. Hagner, Professor Emeritus of New Testament, Fuller Theological Seminary For those in Christ, his way must be our way! Through weakness, our Savior redeemed us. Through weakness, our Savior sanctifies us on the way to glory. Of these marvelous truths this...
