BooksMango, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The majority of foreigners staying in Thailand are not able to speak even basic Thai. In most cases they don t make any efforts to studying Thai at all because they are told that it is just too difficult. This is not true, in fact learning Thai is easier than learning Western languages like English, French or German. The only real challenge during the beginning of your Thai language studies is to getting used to the five tones (low, mid, high, falling and rising) as well as to the other two elements of pronouncing words correctly: the vowel length and the pronunciation of the final consonant. The other group of foreigners that do want to make some effort on learning Thai fail simply because they have trouble in finding a suitable learning method. Being a foreigner myself and having studied the Thai language for several years I know exactly how an easy to use and efficient Thai beginner s book should be written and structured. The Thai Beginner s Course is not just the most efficient but also the most practical English textbook available. The Thai Beginner s Course contains an extensive pronunciation guide with detailed instructions on how to pronounce all consonants and vowels used in the transliteration of Thai script, the tone marks, the vowel length and the pronunciation of final consonants. There are ten easy lessons built on one another and structured didactically each covering its own topic or situation of everyday life (i.e. small talk, going on a trip, at home). The lessons are divided into a vocabulary section followed by an explanation of grammar and terminology coming up in the lesson. Next comes the conversation and sentences...
