Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

(Pasquale Larkin I)

THE LOST WORLD OF BLETCHLEY PARK

Quarto UK, 2013. Hardback. Condition: New. The huge success of Sinclair's *The Secret Life of Bletchley Park* - a quarter of a million copies sold to date - has been symptomatic of a similarly dramatic increase in visitors to Bletchley Park itself, the Victorian mansion in Buckinghamshire now open as an engrossing museum of wartime codebreaking. Now, therefore, Aurum is publishing the first comprehensive illustrated history of this remarkable place, from its prewar hey-day as a country estate under the Liberal MP Sir Herbert Leon, through its wartime requisition with the addition of the famous huts within the grounds, to become the place where modern computing was invented and the German Enigma code was cracked, its post-war dereliction and then rescue towards the end of the twentieth century as a museum whose visitor numbers have more than doubled in the last five years. Featuring over 200 photographs, some previously unseen, and text by Sinclair McKay, this will be an essential purchase for everyone interested in the place where codebreaking helped to win the war. Hardback.
