Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Myths and Legends of Alaska So there must needs be those who have power over the evil Spirits, those who by incantations and charms of magic, by ceremonial dancing in symbolic dress, can control the designs of those who work ever against these children of the North. Thus there arose the shamans with all their ceremonies. The myths in this volume are authentic. The original collections were made by government ethnologists, by whose permission this compilation is made. And no effort has been made, in the telling of them, to change them from the terse directness of the natives. The language of all Indian tribes is very simple, and to the extent that an effort is made to put myths and legends into more polished form, to that extent is their authenticity impaired.
