Personal Emergency Communications: Staying in Touch Post-Disaster: Technology, Gear and Planning (Paperback)

By Andrew Baze

Max Publications, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Whether you re hit by a natural disaster or power outage, you can expect this problem: your cell phones, landline phones and Internet eventually stop working. What will you do? How will you communicate with your family or friends? While you may have set aside food and water for an emergency, what about a pair of radios with batteries? Have you considered long-range options? Do you know what your best options are? This book will walk you through modern communications technologies, pros and cons of each, and recommendations to implement a realistic backup communications system. Options reviewed include: - AM/FM, NOAA, FRS/GMRS and Other Radios - eXRS and Other Unusual Gear - Satellite Phones and Personal Locator Beacons - Amateur Radio - the King of Emergency Communications Using the clear and simple recommendations in this book, you ll be able to reliably communicate with others in your region, without a cell phone, landline service, Internet, or need for grid power. When others can only wonder if their loved ones are safe, you will be able to talk with yours! One area...

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my dad and he suggested this ebook to discover.

-- Adela Schroeder II
