Many of us are overstressed, overworked and overtired. The problem is that it's not getting any easier. Somehow the days are getting shorter while our to-do lists are getting longer. Our pace of life continues to get faster and the demands continue to increase. We fight through each day, battling fatigue and headaches, stress and frustration, depression and grumpiness, back and neck problems. We attempt to fight back with caffeinated drinks and candy bars with the hope that they will give us just enough energy to accomplish our tasks before we crash. But when the caffeine and sugar wears off we are left feeling tired once again. Tomorrow it starts all over. We need more energy and time but where do we find them? Unless Congress passes the 25 hour day, we can't increase the amount of hours in our day. Thankfully, there is another way. We can become an Energy Addict. We can learn simple, powerful strategies to increase our mental, physical and spiritual energy. We can become addicted to positive energy and habits. And we can make small changes in our lives that will produce big results. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
