Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from United Australia, Vol. 2: A Monthly Review for Thinking Men and Women; September 20, 1901 The more one reflects upon this and similar outrages, and endeavours to conjecture the supposed justification which their authors can find in their own disordered minds, the more one is puzzled. The bare Principle of the equality of man, which is the bottom stone of the most extreme of theoretical edifices, connotes that each individual has rights, and, above all, the right of personal security so that there can be no other conclusion than that there is no reason, in the proper meaning of the word, at the back of such an outrage, and that its committal is the result of a form of mental derangement.
