Methodologie Gain: Diagnostic et Conception des Processus de Changement au Sein des Organisations de Producteurs

By Food and Agriculture Organization of the United Nations

Food & Agriculture Organization of the United Nations (FAO). Paperback. Book Condition: new. BRAND NEW, Methodologie Gain: Diagnostic et Conception des Processus de Changement au Sein des Organisations de Producteurs, Food and Agriculture Organization of the United Nations, Achieving efficient, sustainable and smallholder-inclusive staple food systems often require strong, credible, and economically effective producer organisations. In much of Africa, and particularly in West and Central region, this objective remains a great challenge for the majority of small farmers, as existing producer organisations often suffer from weak structures, inadequate governance, and limited internal capacity to provide economic services for their members, engage credibly with economic and institutional partners, or influence policies for effective smallholder market integration. This report describes a new methodology called GAIN (Governance - Autonomy-Integration-Needs based) developed by FAO to provide an effective diagnostic tool for designing and inducing an endogenous change within farmers organisations, and placing them on a path of economic autonomy, self-reliance, and enhanced market insertion. GAIN follows a participatory and iterative approach, combining an internal diagnosis of the organisation with an analysis of the immediate economic and institutional environment in order to identify and leverage new options for economic partnerships, capacity development, and market and...
