Forgotten Books. Paperback. Condition: New. 228 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. Proclus, the famous philosopher, mathematician and poet, came into the world of time and sense on the 8th. day of February, A. D. 410, at Byzantium, and migrated from this physical life on April the 12th. 485 A. D. His parents, Patricias and Marcella, were Lycians and of an illustrious family. He was taken immediately after his birth to their native country, to the city of Xanthus, which was consecrated to Apollo. And this happened to him by a certain divine providence: for it was necessary that he who was to be the leader of all sciences should be educated under the presiding Deity of the Muses. He received his elementary education in Lycia, and then went to Alexandria, in Egypt, and became a pupil of Leonas the rhetorician, and Orion the orammarian. He likewise attended the schools of the Roman teachers, and acquired an accurate knowledge: of the Latin language. But his tutelary Goddess exhorted him to study philosophy, and to go to the Athenian schools. In obedience to this exhortation he attended the lectures of Olympiodorus, an eminent Peripatetic, in order to learn the doctrine of Aristotle; and he was instructed in mathematical disciplines by Hero. On one occasion, after hearing a lecture by Olympiodorus, a man who was gifted with much eloquence The following sketch of Proclus is taken almost verbatim from Marinus Life of his Master. This biography is an admirable production, and gives us much curious and interesting information about the philosophic life of the Successors of Plato. It is unfortunate that Taylor's English version of it is practically inaccessible. (It was printed in 1792.) The original text was edited...
