But is this common-law mindset, which is appropriate in its place, suitable also in statutory and constitutional interpretation? In a witty and trenchant essay, Justice Scalia answers this question with a resounding negative. Eschewing the judicial lawmaking that is the essence of common law, judges should interpret statutes and regulations by focusing on the text itself. Scalia then extends this principle to constitutional law. He proposes that we abandon the notion of an everchanging Constitution and pay attention to the Constitution's original meaning. Although not subscribing to the strict constructionism that would prevent applying the Constitution to modern circumstances, Scalia emphatically rejects the idea that judges can properly smuggle in new rights or deny old rights by using the Due Process Clause, for instance. In fact, such judicial discretion might lead to the destruction of the Bill of Rights if a majority of the judges ever wished...
