### **Reviews**

*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

But in their Introductory Report the Commissioners, after stating that they had sedulously avoided the introduction of their personal opinions respecting matters of expediency, but had considered it their duty to construct the several chapters according to what appeared to be the general policy of the legislature, as they found it expressed, added this clause, viz.: They have not deemed it a part of their duty to pass upon doubtful questions of constitutional law the presumption being that all the statutes of the State are constitutional until the contrary appears. As Commissioners, they were not authorized to rebut the presumption, and determine what was or was not unconstitutional; but here is a reasonable indication of an opinion that there were some provisions which were at least of doubtful constitutionality; and if any member of the legislature had made inquiry to what provisions reference was thus made, he would doubtless have received a ready answer. But no one asked, and certainly further suggestion need not have been volunteered. The Commissioners had abundant evidence that there were divers gentlemen in the legislature who deemed themselves quite competent to the work of revision without their assistance.
