Word game books are great fun and the 50 word find puzzles in this book, each of which is based on New York Times best seller titles and authors, is no exception. Each word find game grid hides 25 titles and authors and, to keep things interesting, names can be placed horizontally, vertically or diagonally and can be entered as standard left-to-right text, or entered backwards! As with many word find puzzle books, the names hidden in each game are listed below the grid and, just in case you get stuck, the book also contains the solution for each puzzle. While this puzzle book is clearly suitable for adults, older kids will also find it to be great fun.
