Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Probably the most creepiest and most terrifying story about a haunted mansion with ghostly activities and dangerous phenomena that spanned over 92 years. Throughout it s long forbidding history, this palace killed many people, leaving only a few survivors. One such survivor is institutionalized in the local mental asylum. His insane rantings eventually led to expert geological investigations and what they found far beneath the mansion only intensified and deepened the mystery. This ultra suspense-filled, nerve-wracking story relates the detailed morbid life stories of every resident who had lived there. The neighbourhood believed it was hexed. Were these occurrences supernatural in origin or were they happenings which had a logical natural explanation? I dare you to venture with me into this cursed palace so that we can explore it s hostile nature. But I warn you. only a few select come out alive! And if you manage to make it, I cannot guarantee what state of mind you would be in. This horrendous story has an unexpected ending, one you may not like.
