Reviews

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Eagle s Nest by S. E. Cartwright is a brightly written story of three country-bred children, how they built themselves a delightful playground refuge in a beach-tree on their father farm, and how they fell in with Lewis Brand, unknown to their parents. Lewis was a bad boy who had been expelled from two schools, and hence the friendship was productive of ill results. Wherein lies the moral, but it is so skillfully concealed till the last chapter, and then only hinted at, and the games with which the young Wests diverted themselves are so amusingly set forth, that the reader feels sure nothing bad will come of the friendship.
