Excerpt from Everybodys Shorthand: The Simplest, Most Legible, and Swiftest System of Phongraphy Extant Originality is claimed in the presentation of the sound spelling drills; the vowel scale; in maintaining the righthand motion of the circle vowel, doing away entirely with unnecessary reverse motions; in presenting phrasing, which is a great speed factor, from the first leei son; in the four basic positions for the prefixes; and in the present ing of contractions and miscellaneous phrases which have been found useful in my fifteen years experience coyoting office, law and conven tion reporting.
