She isn't suffering from amnesia; she remembers who she is, what she did the day before, her parents, where she grew up - everything. But who she is, is not who she sees. Alarmed, she begins searching her house for something - anything - that will match what she remembers. There is nothing. And yet there is nothing in her life that seems abnormal, except herself. She could be crazy, but her instincts are telling her this isn't the case. Some women might make an appointment with a psychiatrist, but Zette isn't some women. Deep inside she knows she isn't the face in the mirror, and that she has to find out the truth, before it's too late. 336 pp. Englisch.
