Excerpt from Shakespeare and the Bible: Parallel Passages and Passages Suggested by the Bible With the Religious Sentiments of Shakespeare The author of this book told me once that he was nineteen years of age when he first found Shakspeare and began to read his plays. How the first he read was Macbeth, and he was then but poorly able or fitted to appreciate the power and beauty of it, for he had received only a limited common-school education. Blank-verse was new to him also, for his ear had only been trained to the sing-song of long, short, and common metre, and so he read the first three acts without finding much in them to admire, but became interested, at length, in the story, and then began to find something rich and pregnant he had never found before in any book. This was an incentive, of course, to read on, and so in no long time he read the whole thirty-seven plays, as we all did when we durst, in those days, who had been raised in the shadows of the old meeting-house and taught to believe that to read Shakspeare was a peril to the soul s health. He was soon and easily set free from this bondage to fear, and ever since then these works of the mighty master have been his most intimate companions and friends, holding his heart captive, entranced by their beauty and salt of truth.
