Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Trout in Lakes and Reservoirs a Practical Guide to Managing, Stocking, and Fishing Two reasons may be given for the launching of this little book. The first is that in the whole of our angling literature there was no book which told the story of the modern development of trout-fishing in reservoirs and explained the theory and practice of this branch of our sport. The second reason, which is more personal, is that I have taken a deep interest in this subject for at least twenty years, and it therefore appeared not unseemly that I should be the one to try and fill the gap. Several of the facts and conclusions set forth in the following pages were first made public by the present writer in articles in *The Field*, *Fishing Gazette*, *Bass Magazine*, the *Sporting Times*, *Fishing Magazine*, *Manchester Guardian*. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
