

The 25 Greatest Sports Conspiracy Theories of All Time: Ranking Sports Most Notorious Fixes, Cover-Ups, and Scandals (Paperback)

Filesize: 2.07 MB

Reviews

It is an awesome book that we have possibly go through. It is actually writer in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

Skyhorse Publishing, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book. In every sport, in every country around the world, there are fans on the losing side who know that something other than skill and luck beat their favorite team or player. Sometimes they re actually right. That s why sports lovers will devour this inside look at the 25 biggest myths and scandals in professional and collegiate athletics. Elliott Kalb examines each potential outrage in detail, supporting and debunking popular beliefs along the way. In some cases, proof does exist that the fix was inÂ like the 1919 World Series thrown by the Chicago Black Sox players or the conspiracy to keep African Americans out of Major League Baseball until 1947. In others, there remain only whispers of wrongdoing and suspicious circumstances, including the Jets win in Super Bowl III and Muhammad Ali s first-round knockout of Sonny Liston. This is sure to capture the imagination of anyone who has ever wondered what really happened behind the scenes.Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, cat fish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
