Excerpt from American Slavery: And the Means of Its Abolition More than forty years ago the writer of the following pages read Wilberforce s publications on the slave trade, in which were described the various methods of procuring the slaves in Africa, the horrors of the middle passage, and their cruel treatment in the West Indies. In perusing these statements of that great philanthropist and friend of the injured African race, his feelings became, in some measure, enlisted in favor of the colored people of our land, and in opposition to the slavery upheld by our nation. He was never sensible of feeling the prejudice against color, so often manifested; but, in his intercourse with colored persons, treated them, as he would others. And having them for many years as neighbors, and, not unfrequently, as hired help, they were admitted to eat with the family at the same table. In 1824 he was invited to attend a political celebration on the 4th of July. In declining the invitation, he noticed the inconsistency of our conduct in celebrating our liberty, founded upon the principle that all men are created free and equal, and proclaiming this self-evident truth, and yet holding hundreds of thousands of our fellow men in degrading bondage. The next year, he was requested to preach on the 4th of July. The sermon was, by request, printed. The following extract will show the writer s views respecting American slavery. Our conduct in relation to the Africans has been most inconsistent, absurd, and criminal. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
