If you are thinking about getting married, you need to read this book. --Neil Clark Warren, founder, Anyone can get married. The goal, however, should not only be to marry--but to marry the right person. As a singles pastor, author Dan Chun worked exclusively with more than 5,000 singles, and of the hundreds who were married under his teaching, less than 10 percent got a divorce--far below the national average. This book incorporates Pastor Dan s principles, which provide practical and proven ways to pick a spouse, and is your guide to finding--and keeping--a lifelong partner. You will discover how to test your relationship for key differences using a variety of methods including the Seven Cs: Character, Chemistry, Competency, Cultural Differences, Commitment, Communication, and Core Values. Experts agree: Whether you are dating or planning to date, How to Pick a Spouse will give you clear, usable information for guiding your heart and mind before making one of your most important decisions ever.
