Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Scotch-Irish People, And, Inventors of the Scotch Irish Race of America The science of government is a study full of interest from every stand-point of investigation. The nature and genius of a government cannot be correctly understood without a clear apprehension of the several elements which enter into the formation of the governmental structure. There are always antecedents of a marked and pronounced character, which lead up to every great historical epoch, and these great events of human history must be carefully studied in the light of these antecedents if they are to be properly understood. The formation of the government of the United States is the grand est and most distinguished achievement of human history. It has no parallel in any age or century. It is the outgrowth of principles, which had to work their way through long periods of suffering and con?ict. The logical and regulative structure of the principles of our government into an instrument, which we call our Constitution, was the result of but a few months labor; the principles themselves, how ever, had been struggling through martyrdom and blood for many generations. To understand the government of the United States, the genius and character of the people who settled the several colonies must be carefully studied. Its most distinguishing feature is that it is a government framed by the people for the people. It is their own conception of the best form of government to secure personal right and liberty. In the present discourse we propose to review the in?uence which the scotch-irish people exerted in various ways in the formation of our government. The inhabitants of the colonies up to 1776 were almost entirely an...
