HORROR GUIDE TO FLORIDA (HORROR GUIDES) (VOLUME 2)

Post Mortem Press. Paperback. Condition: New. 328 pages. Dimensions: 8.5in. x 5.5in. x 0.7in. Horror Guide to Florida is a map to geographical locations, real and fictional, utilized in horror tales and films set in the Sunshine State. And just for good measure, theyve included some true stories and events that should be horror stories, or lest the inspiration for future ones. Florida scares many people for many different reasons, be it the alligators and giant snakes in the Everglades, sharks with a taste for tourists, hurricanes with a taste for trailer parks, or giant mice wearing pants. But where else, outside your nightmares, can you find giant prehistoric penguins, exploding clergymen, mutant vampire were-turkeys, and the Bermuda Triangle all in the same geographic area Come with the brothers Goudsward and explore the mysterious, the macabre, and the downright bizarre world hidden in the shadows of Florida. Tourists think of Florida as beaches, sun and fun. Few know that blood, guts and monsters prospered during the Grindhouse days of Florida film making. Horror Guide to Florida vividly captures the history of these films and credits a lot of my crazy friends that gave birth to independent film making. After making over a dozen films in Florida since the late 1950s, I thought I knew film history. After reading Dave and Scotts book, I feel like a novice. I highly recommend Horror Guide to Florida. -- William Grefe, Writer/Director/Producer A Florida gardener, his finger pricked by an aggressive hedge, once told me, Down here, dammit, everything bites! Heres proof that he was right. He might also have added, everything spooks. . . and lingers. -- Jack Ketchum, author of The Girl Next Door and Off Season This book is mandatory reading for Florida horror aficionados; just as Somtows non-fiction books about Lovecraft...
