Owinn in Your Pocket (Paperback)

By Alfie Hargreaves

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. OWIN (Open Web Interface for) is a standard for an interface between Web applications and Web servers. It is a community-owned open-source project. Prior to OWIN, Microsoft s ASP technology was designed on top of IIS, and Web applications could not easily be run on another Web server (although note that despite this the Mono community developed several ASP compatible Web servers, such as XSP). OWIN aims to decouple the relationship between ASP applications and IIS by defining a standard interface. Developers of Web servers can be sure that, if they implement OWIN correctly, ASP applications will run on their server. Similarly, new Web frameworks could be developed as an alternative to ASP. So long as they target OWIN, they will run on any OWIN compatible Web server, including IIS. This updated and expanded second edition of Book provides a user-friendly introduction to the subject, Taking a clear structural framework, it guides the reader through the subject s core elements. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the...
