Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. T.S. Eliot s The Waste Land has been called one of the most important poems of the 20th Century and it might actually be one of the most important poems ever. Like, ever. The Waste Land can be difficult to read because it constantly shifts between different speakers and scenes, often without warning. At one moment, you re a woman reminiscing about riding on a sled when you were young; at another, you re staring at a dead sailor who s decaying at the bottom of the ocean. But no matter how weird things get, make no mistake: this is a very, very serious poem about a very serious subject: the decline of western culture and the beauty that this culture once possessed, back in the good ol days of classic times.
