Anyone blessed with a green thumb knows that a garden is nature s haven, and when properly tended can transform a patch of ground into a place of splendor that abounds with colors, scents, and wildlife. Inkspirations in the Garden celebrates gardens in all their glory, from delightful cottage and well-manicured rose gardens, to lush tropical spaces and relaxing Zen gardens. In addition to gardens, the designs feature charming floral patterns to color and customize, plus heartwarming scenes of backyard critters, like ladybugs and bumblebees, and even the squirrels and rabbits who sometimes become our garden nemeses. Inkspirations in the Garden pays homage to those who make weeds into wonders; know that digging in the dirt is an effective form of therapy; and have been enriched by gardening s lessons about a life well-tended and nurtured.
