

Branch of Research: Monthly Report of Forest Experiment Stations, Forest Products, Forest Economics, Range Research; December, 1932 (Classic Reprint) (Paperback)

By United States Forest Service

FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Branch of Research: Monthly Report of Forest Experiment Stations, Forest Products, Forest Economics, Range Research; December, 1932 One week was spent by the group in a more detailed examination of the relict areas used in the comparison with outside ranges in the public domain report. Detailed soil and vegetational studies of these areas are expected to go far in enabling us to determine the extent to which the un protected areas have deteriorated through overgrazing and repeated burnin Transects and plots for this purpose will be established early in January in connection with the relict areas on the Stanislaus and Sierra forests. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
