The Urban Shepherd He has come a long way both literally and figuratively from his days as a poor shepherd boy in North Africa, but Ben Amor is a symbol of what can happen when someone s American Dream comes true. The successful career man reinvented himself again after a dream in 1983 of children crying because they were dying of starvation. Unable to forget the sound, he founded Terra-Genesis Inc., a nonprofit agency that began as a way to try to end world hunger through technology. Ben worked 10 to 12 hours a day 6 days a week, donating his own savings and soliciting funds from others, allowing him to establish the Family Well-Being Center at the Government Hill Association in San Antonio, Texas. He also developed a comprehensive database used by lawyers, counselors, doctors, clergy and other nonprofit agencies that help the needy. Ben has his own experience with overcoming the odds, a journey he intimately describes in The Urban Shepherd. He shares his joys--and his sorrows--from humble beginnings working hard to survive in Tunisia, serving in the Tunisian Air Force, and moving to the United States to live. Through sharing his personal journey adjusting to a new culture, toxic relationships, professional and personal setbacks, and balancing school, work, and family life, Ben aims to empower readers to reach for their own version of the American Dream.
