

Metalhead

By Frederic P. Miller

Alphascript Publishing Dez 2009, 2009. Taschenbuch. Book Condition: Neu. 220x150x12 mm. Neuware - High Quality Content by WIKIPEDIA articles! Metalhead is a popular term for a devoted fan of heavy metal music. Heavy metal fans exist in many countries beyond the United Kingdom and the United States, with many regions such as Scandinavia, Brazil, Greece, Turkey, Israel, Mexico and Japan. Heavy metal fans have created a strongly masculine exclusionary youth community whose core audience in the US and the UK are white male. In continental Europe metal culture appeals to a more diverse audience, often spanning into the 30s and 40s and more frequently with a middle-class background and a higher cultural profile. However, the metal culture expands across the globe and is not limited to this. Metalheads affirm their membership in the subculture or scene by attending metal concerts, buying albums, and most recently, by contributing to metal websites and by growing their hair. The long hair, leather jackets and band patches of heavy metal fashion help to encourage a sense of identification within the subculture. 196 pp. Englisch.

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my mom and dad suggested this ebook to discover.
