Cross-functional Inventory Research (Hardback)

By -

World Scientific Publishing Co Pte Ltd, Singapore, 2016. Hardback. Condition: New. Language: English . Brand New Book. Joe Thomas is a true renaissance academic who has integrated research, teaching, practice and leadership. He s advised numerous companies through board positions and consulting engagements. His research has identified and focused on real issues in operations management, like overcoming the dark side of worker flexibility and other aspects of the human component of operations. And he has then incorporated research findings into his teaching, including cases on issues like global operations that we can all benefit from. Joe is so admired by his colleagues that they chose him to lead the Johnson School as Dean. Joe is a model and an inspiration for all of us. This book, with its emphasis on cross-functional approaches to inventory management, is an excellent way to honor Joe on his retirement. Marshall L FisherUniversity of Pennsylvania Joe Thomas is one of the Grand Masters in our field of operations management. I will always remember him fondly as someone who has accomplished so much, with such a high status in our profession, and yet at the same time, a humble, warm and gentle scholar. In my early...
