

## H.P. Lovecraft: The Disjunction in Being (Paperback)

Filesize: 1.19 MB

### **Reviews**

*It is one of the best books. Indeed, it really is play, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Sofia Yundt)*

## H.P. LOVECRAFT: THE DISJUNCTION IN BEING (PAPERBACK)

But myth is not the narrative of origins, the path philosophy took from Plato to Schelling; myth is the opposite, the truth that narrates the end of humanity and its disproportion with respect to the cosmos. This is why Lovecraft is the most brilliant mythographer of the twentieth century. Rereading his oeuvre, philosophy will learn that true myth is the opposite of history, since it is summoned to enumerate the natural powers of the cosmos. At the same time, philosophy will learn that myth cannot glorify portentous divinities since it reveals a transfinite universe become multiverse. In this key work of contemporary philosophy, the author shows that thought is not born of wonder but of horror: humanity's assumption of its non-place in the world. - Emanuele Coccia.
