Brand New Book ***** Print on Demand *****.Maria Orsitch was a real woman scientist and humanitarian in the early years of the Nineteenth Century. She fights Dark Forces and ignorance on Earth and fights for the survival of Man, thus earning the title of Earth Warrior. She came to Earth in 1936 to give Man advanced technology, to not only move him forward, but to help him survive a very unusual form of annihilation. To survive, Man will have to be able to safely leave the planet. The Dark Forces at work in the Third Reich seek to divert her technology for their use in the War, but she prevents that and sidetracks Hitler. She makes it clear that the anti-gravity ships (Wunderwaffe) they are building under her control are not for War. She succeeds in shutting down the War and secretly helps Man create a United Earth Space Command. The storyline follows Maria from 1936 with her team throughout 80 years of guidance and protection to a possible but dynamic, fictional ending in 2017. She is involved in most major world events and the book relates these as a mixture of fact and studied speculation with just a little fiction to carry the storyline. The reader is invited to decide which aspects are true; yet, if the reader has a familiarity with the areas of UFOs, ETs, Anunnaki, Greys, and Quantum Physics, the answer will suggest itself. Maria s real-life persona has been honored and she is presented with all the integrity and accuracy extracted from historical records. It is an alternate look at Earth history including romance, humor, science, calamities, personal and space combat, and secret insights into how Earth is really run. (This book...
