### **Reviews**

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.  
(Mitchell Kuhn III)*

## ME290 (2ND)

Austin Macauley Publishers. Paperback. Book Condition: new. BRAND NEW, Me290 (2nd), Simon Deeming, Me 290 immerses the reader into the realm of 'The Programme'; a clandestine experiment originally devised by Nazi engineers towards the end of World War Two after a chance happening that could've altered the course of history. Under the guise of the Space Race and the Cold War, two opposing Super Powers worked in unison, secretly continuing the work of a handful of brilliant German engineers, surpassing even the development of the rockets taken from Peenemunde - a technology with such implication that no nation on Earth is capable of taking the experiment to its conclusion! The novel explores the possibility that a chance happening nearly handed Hitler the hardware to deliver the victory he craved - an event that resonates to this day and may hold the future of humanity in the balance. Me 290 is the first installment in a series of stories centred around 'The Programme', its mandate and the people involved.
