

The Story of Yiddish: How a Mish-mosh of Languages Saved the Jews

By Neal Karlen

HarperCollins Publishers Inc. Paperback. Book Condition: new. BRAND NEW, The Story of Yiddish: How a Mish-mosh of Languages Saved the Jews, Neal Karlen, Scholars usually date Yiddish from the 11th century, when modern linguists believed the language began as a German dialect spoken by newly arrived Jewish immigrants from France and Northern Italy living along the Rhine. Over time, it became an actual language incorporating elements of Hebrew, Aramaic, and the Slavic and Romance languages. As the story proceeds through the centuries, Karlen highlights the intertwining fates of Judaism and Yiddish. The language would reach literary heights in the 19th century and 20th centuries. Yet in the middle of the 20th century, while the language and culture was at its zenith, Yiddish faced two of its gravest enemies - the genocidal Nazis and the early, proud Zionists who founded Israel in the wake of the Holocaust and decided that with a new Jewish homeland, there would also have to be a new kind of Jew, speaking a different kind of language. It wasn't until roughly a decade ago that a new generation has begun to work zealously to recapture Yiddish before it disappears.

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.

-- Elinore Vandervort

If you need to add benefit, a must buy book. I could possibly comprehend every little thing out of this composed e pdf. I am quickly could get a enjoyment of looking at a composed book.
