Brand New Book ***** Print on Demand *****.Excerpt from Experimental Electrical Testing by Students: Compiled Chiefly From Data Furnished by Science Teachers and Students in Universities, College Preparatory Schools, and High Schools, for the Science Teacher The Weston Monographs were prepared with the definite object in view of attempting to co-operate with and assist science teachers in high schools and collegiate preparatory schools throughout this country. Their context is exclusively on electrical subjects; and each deals with a particular theme. For instance B-1 dwells upon the manifest advantages of training students engaged in laboratory work by means of standard apparatus, such as they will encounter in practical work after graduation. It also calls attention to the fact that it is inconsistent as well as unwise to attempt to perform modern progressive laboratory work by means of antiquated and obsolete apparatus. It shows what should be done. B-2 contains a series of simple yet exceedingly instructive experiments, and presents suggestions that should be of great value in the preparation or amplification of an electrical course. It tells what could be done. B-3 briefly describes several...
