Product Description: Ars Magica ("The Art of Magic") is the award-winning roleplaying game by Jonathan Tweet and Mark Rein-Hagen that focuses on wizards who are as powerful as those we know from legend and literature; in the land of Mythic Europe, those legends are real. Troupe-style roleplaying allows players to take on the roles of multiple characters, so that the players have equal access to power even though the characters do not. This new edition is rewritten to improve the rules for existing players, and to be more attractive and accessible to new audiences. It features all-new graphic design, two-color interior printing, hardcover binding, and a special introductory price. Veteran Ars Magica players are clamoring to know what is new and different about 5th Edition. Here are some of the rules change highlights: Magic resistance has been changed so that the Parma Magica is actually the defense it's always been said to be. The Laboratory rules have been streamlined and unified around a single core mechanic -- the spell invention mechanic from earlier editions. The spell...
