

British Tractors 1945-65 (Hardback)

By Stuart Gibbard

HERRIDGE SONS LTD, United Kingdom, 2014. Hardback. Condition: New. Language: English . Brand New Book. From Allis-Chalmers to Vickers, this is an A-Z of tractors made in Britain between 1945 and 1965, written by a universally acknowledged expert in the subject, whose work has been widely published in books and magazines. It deals with the products of not only British manufacturers such as David Brown, Ferguson and Nuffield, but also the American makers who established plants in Britain to overcome post-war import restrictions, which included International Harvester, Massey-Harris and Minneapolis-Moline. Demand for tractors after the War was insatiable, and the period covered saw extraordinary growth in production and innovation in design. The text is illustrated exclusively with images - some 400 in all - from the manufacturers sales brochures and publicity material, giving a unique flavour of the times and an impression of the features the manufacturers were highlighting in the promotion of their tractors.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
