Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

BAIÃO & NORTHEASTERN BRAZILIAN RHYTHMS

Advance Music GmbH Nov 2012, 2012. Taschenbuch. Book Condition: Neu. 304x228x10 mm. Neuware - I have the pleasure of presenting the new Souza Lima playalong method series. This project is the result of extensive research and careful elaboration aiming at offering representative material on the most varied styles of Brazilian music to professional musicians, students, teachers and all those who take a general interest in this field of music. The focus of this series is on the language of instrumental music nowadays performed in Brazil, based on elements of modern improvisation. Each volume contains two CDs with seven pieces of music, which are presented in the following versions: 1. Complete takes in other words, the full versions of the pieces included in the book, which are performed by all the instruments playing simultaneously; 2. Without melody / solo part so that the melodic instruments can play along with the recording, executing their own interpretations and practicing improvisations; 3. Without harmony so that the harmonic instruments can practise the language of accompaniment, especially with regard to the rhythmic vocabulary of each style. 4. Without bass so that the bassists can practise their traditional task of accompaniment while working on the rhythmic but also the harmonic aspects; 5. Without drums so that the drummers can practise the rhythms characteristic of each piece of music but also create their own variations. Each book contains the scores in the form of lead sheets, with every score being provided in 4 different versions: in C, in Bb, in Eb, and in bass clef. Due to the widely defined concept of this method, it is important to point out that musicians playing transposing instruments might have to make adaptations when reading the scores. Wind instrumentalists are at liberty to carry out adjustments whenever these are called...
