Reviews

It is one of the most popular pdfs. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

THE FOREST DAMES: AN ACCOUNT OF THE NIGERIA-BIAFRA WAR (PAPERBACK)**DOWNLOAD**

AUTHORHOUSE, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Naturally talented Ada Okere Agbasimalo remains richly endowed with that incredibly fertile imagination that drives her passion to connect with her immediate environment, and weave interestingly curious scenes, into big stories. Her deep knowledge of the themes of her works, pairs up with her rare gift in creative writing, to keep her readers spellbound; as she crafts suspense upon suspense, with such masterly control that you CANNOT put down her books. In this third book of hers, where she narrates her true life experience as a teenage girl caught up in the cross fire of war, she practically brings you, quite in subdued trepidation, face to face with the situation of reality. The author holds a doctorate degree in International Relations and had been an employee, in Nigeria, of the Johns Hopkins University/Center for Communication Programs (JHU/CCP) and COMPASS; both USAID sponsored. She also had a stint with Society for Family Health (SFH). Married with four children and two grandchildren, she is widely travelled and widely read. She is also the author of Bow You Must and Waves of Destiny. The Forest Dames is a pulsating story about the devastating effects of war, in which Ada Okere Agbasimalo dwells on the sordid consequences of civil war on humanity, and the tortuous effort to achieve normalcy. It features Deze, a young girl with a keen mind, who lived with her parents in a typical African setting, and felt the pain of war. As an adult, the memories remain intact, kind of haunting her. The Forest Dames is a strident voice detailing and condemning potential malignant actions that continue to impede the development of African nations and indeed, parts of the developing world. These include wars, culture-based...
