Greenslade Creations, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.On Agricultural Prosperity takes the best thoughts that history and philosophy have offered and makes them relevant to the present day rural context. Written in a simple illustrative style, On Agricultural Prosperity explains the core forces that act against rural profit and disproves the solutions that are promoted by the incumbent political dialogue, before providing a true solution that adheres to the rules of prosperity, which have been unchanged for 3,000 years. On Agricultural Prosperity is a key piece of strategic thinking, based on a unique resource, aimed at putting the solution to rural profit directly into the hands of farmers. As such, it is an essential read for those farmers seeking to put the viability of their rural business into their own hands.
