LES OPERATIONS ISRAELIENNES DE 2003 ET LE DROIT INTERNATIONAL (PAPERBACK)

Univ Europeenne, United States, 2011. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****.Les operations israeliennes menees sur les territoires autonomes palestiniens constituent une transgression du droit international. D abord, elles forment juridiquement des crimes internationaux puisqu elles sont qualifiees, non seulement, comme une agression mais aussi comme un crime de guerre impliquant la responsabilite de l Etat d Israel. En outre, les operations israeliennes constituent des atteintes des droits de la personne humaine parce qu elles violent la Charte des droits de l Homme et le droit international humanitaire.Face a ces violations on constate des attitudes internationales assez surprenantes. D une part, le defaut de prise de position ferme et la passivite du Conseil de Securite temoignent de l inertie de l Organisation des Nations Unies. D autre part et a l image d un droit international domine par un rapport de force, nous nous retrouvons face a une communaute internationale desarmee et cela s explique par le fait qu elle est tiraillee par les interets etatiques contradictoires qui paralysent son action.
