The Disneyland of Consciousness (Paperback)

By David Christopher Lane, Andrea Diem-Lane

Mt. San Antonio College, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This little book explores the projective nature of consciousness by using various rides at Disneyland to explain how awareness works as a virtual simulator. See the following excerpt for a glimpse: Although it was initially billed as a scary ride, the Haunted Mansion turned out to be quite tame. However, there was one segment in the ride where a friend of mine got the creeps, since he assumed that the head (sans a body) within the crystal ball was a real person. He hadn't realized how far holographic technology had come at that point and couldn't imagine that it was merely a vaporous projection. I bring up these three examples because they underline something fundamental in our assessment of the consciousness of others. We can be easily duped. Not only can we impute conscious intentionality onto machine operated mannequins that lack it, we can even do it photographic film. Yet phenomenologically speaking, our own experience at the time of interacting with an audio-animatronics seems essentially the same as when we talk to certain humanoids. In other words,...
