iUniverse, United States, 2012. Paperback. Condition: New. Language: English. Brand New Book ***** Print on Demand *****. Things You Never Knew or Were Told Not to Believe reveals facts about Abraham Lincoln that most Americans do not know and will find hard to believe. It also documents untold facts about our Civil War, American Imperialism, and the biggest con perpetrated on African Americans. It describes a second Civil War that began in 1865 and explains the genesis of public welfare and modern slavery with consequences that have made the black race a perpetual underclass. Author Robert Price documents the current war on black men and its devastating effects on black families. He believes few people know that Lincoln fought to prevent a second Civil War and its tragic lasting sectional and racial hostilities. He traces a clear history of the castration of Congress and the trashing of our Constitution by our Supreme Courts and presidents, who have assumed imperialistic powers. Price cites past and present examples of misused power and force, including the war against marriage by radical feminists and foolish restrictions on personal freedoms by religions and our government. He suggests commonsense measures to reverse the nation s course, regain lost freedoms, reduce class warfare, stop the war on the black race, and remove barriers to good racial relationships and the upward mobility of African Americans.
