Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from American Business Law: With Legal Forms One of the most noteworthy developments during recent years in educational courses has been the increasing prominence given to the study of business law. A few years ago this subject was taught virtually nowhere save in law schools. To-day it is being generally adopted by progressive colleges and universities. It is a study whose educational value can hardly be overestimated. It trains and exercises the student s mind, and it is of such practical utility that he cannot fail to realize its advantages. Moreover, it has a rare human interest, especially if the principles are illustrated with actual cases. Almost every case in the higher courts represents a conflict on the outcome of which important interests are staked. And the decision of each lawsuit not only shows the result of that particular case, but also indicates what will probably be decided in similar cases arising thereafter. In the following pages the attempt is made to provide a text-book for students taking a course in business law, and to answer such practical legal questions as are likely to perplex the business man. While the desire to make the work useful to business men has been kept steadily in view, this has not prevented, but has rather necessitated, the unfolding of the subject in the orderly manner which is essential in school books. There are so many rules of law that the study of them is hopelessly confusing unless they are arranged systematically. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten...
