Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Manual on the Culture of Small Fruits Having received so many and varied questions concerning the culture of small fruits, especially strawberries, and finding it quite impossible to answer them separately, by letter, I have been led to reply by the following brief manual. At the same time I shall aim to do more. This is a busy age, and neither time nor money is abundant. There are multitudes who would gladly see upon their tables the delicious berries in their season, and if they knew how easily and readily they could be raised, would certainly cultivate them. But having made some crude experiments with but poor, or partial success, they come to think that some mystery is involved and that before they can grow small fruits themselves there must be considerable outlay, reading or practical instruction. But nature is not so chary of her best gifts and like the sunshine, she places strawberries within the reach of all who own or hire a few square feet of land. About the Publisher Forgotten Books...
